WEEKLY REPUBLICAN—1897.
DAILY PUBLIC LEDGER—1899.

MAYSVILLE, KY., FRIDAY, OCTOBER 5, 1906

PASTORAL POEM.

The summer sky is blue and high,
The limbs are on the tree;
A bluish tint is on the eye,
Just as it ought to be.

A man appears; his hands are big
And he gets red and hot
Endeavoring to chase a pig
Out of the orchard lot.

He rages and he rips around,
His anger is intense;
The pig leaves the forbidden ground
And waits outside the fence.

The farmer goes to till his land,
The pig, devoid of care,
Goes back into the orchard and
Resumes his rooting there.

After a hard and bitter fight, the Grand Lodge of the Knights of Pythias of Kentucky, at its meeting at Louisville Wednesday, decided to rescind the resolution adopted last year, by which the Widows and Orphans Home at Lexington was ordered to be sold, and a new Board of Control was elected to take charge of the Home, which has never been opened, and by next spring it is hoped to have the institution ready for the reception of inmates. The Home has been a bone of contention in the sessions of the Grand Lodge for two years.

The motion made at the recent term of the Clark Circuit Court to disbar Judge W. M. Beckner of Winchester was not based upon the usual grounds for such a proceeding. The reason for it seems to have been that Judge Beckner made an affidavit to be used in a legal proceeding in London, England, which, it is charged by some of his personal enemies, contained reflections on the Special Judge in a case at Winchester, in which he was Attorney for one of the parties to the controversy in England. Judge Benton, the regular Judge of the Clark Circuit Court, having been counsel with Judge Beckner in the case, could not hear the motion, and Governor Beckham appointed Judge W. O. Harris of Louisville to try the matter, which is not taken seriously by Judge Beckner's friends.

A DISPATCH from Washington says the President has removed a Federal officer because of "unfitness as disclosed by the report of a Commissioner." Hi, there, Mr. President, for the Lord's sake send out a "Commissioner" who will report on some of the Kentucky contingent.

JUDGE JAMES HARGIS of the county of Breathitt, charged with half a score of murders, is out on bail; Hon. CALEB POWERS, charged with only one murder, has been in Jail nearly six years, refused bail. But, then, HARGIS is a Democrat, charged with killing a few Republicans, while POWERS is a Republican, charged with assisting in the killing of only one Democrat.

In Covington THOMAS MULVEY, aged 18, through his best friend and fellow-pitcher, filed suit in the Circuit Court against the Chesapeake and Ohio Railroad for \$15,000 alleged damages. MULVEY avers that he was struck in the eye by a splinter of steel from a chisel being used by a fellow employe, and that as a result he lost the sight of one eye. Of course, the Damage Suit Lawyer will make it plain to the Long Eared Jury that it was the Maysville Yard Engine that handled the chisel, which was struck a left-handed blow by the West End Water Tank, thus shunting a section of the Front Street Viaduct into Mr. MULHOLEY's right eye. Therefore, damages will be certain, m'-boy—with a fat fee for the D. S. L.

CINCINNATI continues measurable unhappy over her Municipally-Owned Water-works, the latest straw having been added by the National Board of Underwriters, which threatens to wipe that city off the insurance map. Under the present Democratic "Reform" Administration, the Water-works Department has become the paymaster for political debts, and experienced men all along the line have been forced out to make room for Ward Healers—among them a most capable Hydraulic Engineer, whose place was usurped by a Ten Cent Watchbutcher and Spectacle Doctor.

An Italian gentleman with the somewhat formidable name of Mgr. VIVESYUTO, has been tutoring his horn in Rome—and consequently making Rome howl. Prying the lid off the Cuban-American situation, he shot off his think-tank in this fashion—

"I am not surprised at what is happening. The Americans deserve the trouble that has befallen them after the way they treated Spain. Now they will see what Spain went through in Cuba."

Thanks for your commiseration, Mister-Man-With-the-Funny-Name; but can you tell us how Uncle Sam "went through" Spain? Keep your shirt on, Mgr.; if necessary, he will do it some more—even unto what is left of the Spanish spirit in Cuba.

There were two Irishmen. One was a good Irishman and the other was a bad Irishman. When they died they each went to a different place. Pat looked up at Mike, and he says: "What are you doing up there?"

"How many hours a day do you work?"

"Fourteen hours a day. What are you doing down there?"

"I'm shoveling coal on the fire."

"How many hours a day do you work?"

"An hour and a half."

"How's that?"

"There are so many of us we have to divide up the time."

SUFFERED AGONIES FOR FOUR YEARS

Whole Foot Nothing But Proud Flesh—Tried Different Physicians and All Kinds of Ointments—Could Walk Only With Crutches—Ohio Man Says:

"CUTICURA REMEDIES THE BEST ON EARTH"

"In the year 1899 the side of my right foot was cut off from the little toe down to the heel, and the physician who had charge of me was trying to sew up the side of my foot, but with no success. When he found out that wouldn't work, he began trying to heal the wound with all kinds of ointment, until at last my whole foot and way up above my calf was nothing but proud flesh. I suffered untold agonies for four years, and tried different physicians and all kinds of ointments. I could walk only with crutches. It is sixteen months ago since I began using Cuticura Soap and Ointment for my limb and foot. The first two months the Cuticura Remedies did not seem to work, but I kept on using them both. In two weeks afterwards I saw a change in my limb. Then I began using Cuticura Soap and Ointment often during the day and kept it up for seven months, when my limb was healed up just the same as if I never had trouble. It is eight months now since I stopped using Cuticura Remedies, the best on God's earth. I am working at the present day, after five years of suffering. The cost of Cuticura Ointment and Soap was only \$6; but the doctors' bills were more like \$600. You can publish my name and refer any one to write to me about Cuticura Remedies. I will answer all letters if postage is enclosed. John M. Lloyd, 718 S. Arch Ave., Alliance, Ohio, June 27, 1905."

There are several cases of diphtheria reported in the East End. Instead of making light of the matter and trying to keep the facts from becoming public from fear of causing undue agitation, the Board of Health and City Physician should take a hand at once and vigorously attack and stamp out the dread disease before it becomes a menace to the life and health of the school children. An ounce of prevention is worth a pound of cure, if rightly administered in the inception of the malady.

The Publisher's Claims Sustained

UNITED STATES COURT OF CLAIMS
The Publishers of Webster's International Dictionary allege that it "is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation."

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

THE DISCOVERER

Of Lydia E. Pinkham's Vegetable Compound, the Great Woman's Remedy for Woman's Ills.

Yours for Health
Lydia E. Pinkham

No other female medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles or such hosts of grateful friends as has

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, Inflammation and Ulceration, Falling and Displacement, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Local Weakness than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors in an early stage of development.

Irregular, Suppressed or Painful Periods, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility quickly yield to it. Deranged organs, causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system.

It quickly removes that bearing-down feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the organs, which this medicine surely cures. Chronic Kidney Complaints and Backache, of either sex, the Vegetable Compound cures.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

Greenup is to have a local option election December 11th.

Jacob Eckhart of Nashtown has been granted an increase in his pension from \$14 to \$30 per month.

The total number of Democrats registered during both days was 17,144, against 26,873 last year; Republicans, 8,451, against 11,323 last year; Independents, 4,273, against 9,418 last year. The total registration for both days last year, official count, was 47,614.

DOCTORS DISAGREE

Different Opinions on Cooper's Remarkable Success

St. Louis, October 4th, 1906.

The astonishing sale of Cooper's preparations in this city has now reached such immense figures that the medical fraternity at large have become forced into open discussion of the man and his preparations.

The physicians as a whole seem to be divided with regard to the young man's success in St. Louis—some being willing to credit him for what he has accomplished, while others assert that the interest he has aroused is but a passing fad which cannot last, and which will die out as quickly as it has sprung up.

The opinion of these two factions is very well voiced in the statements made recently by two of a number of physicians who were interviewed on the subject.

Dr. J. E. Carass, when questioned about the matter, said: "I have not been a believer in proprietary preparations heretofore, nor can I say that I believe in them at present. But I must admit that some of the facts recently brought to my notice concerning this man Cooper have gone far towards removing the prejudice I had formed against him when the unheard of demand for the preparations first sprang up in this city.

"Numbers of my patients whom I have treated for chronic liver, kidney and stomach troubles have met me after taking Cooper's remedies, and have stated positively that he has accomplished wonderful results for them. I notice particularly in cases of stomach trouble that the man has relieved several cases that were of years' standing and proved very obstinate in treatment.

"I am the last man on earth to stand in the way of anything that may prove for the public good simply through professional prejudice, and I am inclined to give Cooper and his preparations credit as deserving to some extent the popular demonstration that has been accorded them in this city."

Another well-known physician who was seen took the opposite view of the "Cooper-mania," as he called it, which now has this city in its grip. He said: "I can only liken the present state of affairs to a certain kind of hallucination. For want of a better name I might call it 'Cooper-mania.' The people of St. Louis seem to be firm in the belief that this man Cooper has health coked up in a bottle.

"Some of them imagine that he has completely cured them of various ills judging from their statements. It is beyond me to say why the city has gone crazy over the man. It may be safely put down, I think, to one of the passing fads that so often attack the American public.

"Sooner or later the people are bound to regain their senses, and will then realize that a reputable physician is the one to whom their health had best be entrusted."

In the meantime Cooper meets several thousands of people daily, and only smiles when statements of the above character are quoted to him. His charitable work still continues to be very extensive.

Augusta gave a majority of 133 for the "drys" in the local option election held this week.

There is nothing that takes away the beautiful, womanly charms like a plodding, stooped, awkward carriage. There is absolutely no excuse for that as long as Hollister's Rocky Mountain Tea is made. Tea or tablets 35 cents. J. James Wood & Son.

TWICE-TOLD TESTIMONY.

Maysville People Are Doing All They Can for Fellow Sufferers.

Maysville testimony has been published to prove the merit of Doan's Kidney Pills to others in Maysville who suffer from bad backs and kidney ills. Lest any sufferer doubt that the cures made by Doan's Kidney Pills are thorough and lasting, we produce confirmed proof—statements from Maysville people saying that the cures they told of years ago were permanent. Here's a Maysville case:

George N. Crawford, blacksmith and wheelwright, at Second and Lee streets, and living at 216 East Lee street, Maysville, Ky., says:

"In the spring of 1900 I gave a testimonial telling what Doan's Kidney Pills had done for me, and I am pleased to say I can just as warmly recommend this remedy now as I did then. No other medicine ever gave me such prompt and positive relief from backache and kidney trouble as Doan's Kidney Pills, procured at J. James Wood & Son's drugstore, and I believe them to be by far the best remedy for kidneys there is. Sufferers from such trouble ought to give it a trial."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
